

Sardar Vallabhbhai Patel Institute of Technology, Vasad

Coding Club

Information Technology department has established “Coding Club” in the college for the students of all departments. The objective is to improve the coding skills of the students which can help them succeed in various competitive exams such as CODEVITA, Coderbyte, Project Euler, HackerRank, CodeChef, CodeEval, Codewars, LeetCode etc. About **233 students** have registered for this club from all the departments.

Following activities have been planned:

Sr.	Activity
1	Coding tests based on different programming languages.
2	Quiz based on recent IT trends.
3	Workshops will be organized related to recent platform which will help out students to learn new things in the field of coding.
4	Meet ups with the IT professionals & industry experts will also be conducted
5	Students will be aware with the new technologies through presentation, videos & etc.
6	Students will be prepared for the competitive IT based exams & competitions such as HACKATHON, CODEVITA , CODEJAM & many more.

Students may contact IT Department to participate in Coding Club.
