

Sardar Vallabhbhai Patel Institute of Technology, Vasad

International Exposure Programme (IEP)

SVIT is going to have tie-ups with foreign universities and organizations to provide a platform to the students who are willing to go abroad to upgrade their knowledge through different programs during summer vacations.

Under IEP, Summer Internship Program at Carlton University, Ottawa, Canada is launched for the students of Semester-IV & VI in collaboration with Unified Growth Foundation, Vadodara. This value addition program will add to their credentials and make it easy to pursue Post Graduation at Carlton University after graduation.

Dr. K.R.Bhatt (EC) & Prof.Nisha Shah (IT) are the coordinators of International Exposure Program of SVIT.
