About the Department

About the department: This is a new program has been started at SVIT, Vasad in the current year 2024. Having well established infrastructure and well equipped with laboratories for post graduation in business management.

About the Program

An MBA (Master of Business Administration) is a postgraduate degree that equips individuals with advanced skills and knowledge in various business and management disciplines. Professionals with an MBA are often sought after for leadership roles in organizations due to their strategic thinking, analytical abilities, and comprehensive understanding of business principles. MBA graduates commonly pursue careers in executive management, consulting, finance, marketing, operations, and entrepreneurship. The degree is valued for its emphasis on practical and theoretical aspects of business, preparing individuals for leadership positions and providing opportunities for career advancement and increased earning potential.

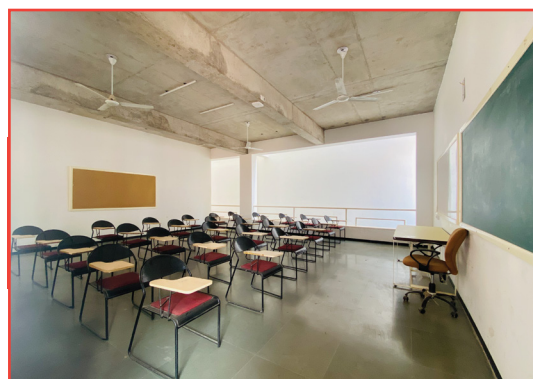

The world of knowledge is within arm's reach for MBA students, offering an extensive collection of books to enrich your MBA journey from start to finish.
