“ AIESEC is admirably providing students with the opportunity to interact with the business community internationally, thus giving them necessarily industrial exposure, so vital to their future careers. - **Ratan Tata, Chairman, Tata Sons**

## goal specific ADVANTAGES

**HIGHER STUDIES**

If you aim to go for higher studies abroad through exams like GRE and TOEFL, an AIESEC internship is the best thing that can give a boost to your dreams. These exams have special credits for students who have had a foreign internship experience. This can give you a cutting edge over the others.

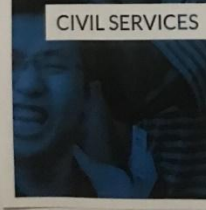

**MANAGEMENT**

AIESEC offers internships in Marketing, Finance and management projects. Foreign universities value such extra-curricular activities. It helps you build a global network of contacts which is very essential for a businessman who wishes to do something big with his life.

**PLACEMENTS**

AIESEC internships help a person build a better Resume. An "IMPACTING" story of your experience to sell yourself to HR. It gives you an edge over the other candidates and differentiating yourself from the competition. An international workplace which gives you a broader mindset in terms of working experience and work culture.

**CIVIL SERVICES**

**Civil Services require :**  
Management skills  
Planning skills  
Crisis management skills

There are projects related to setting up strategies for various organisations these may help in a strategic role for the country.
