

ENTREPRENEURSHIP DEVELOPMENT CELL – SVIT, VASAD

August 9, 2019

An expert talk on **“You Can’t Hope To Be Lucky You Have To Prepare to Be Lucky”** under the aegis of Entrepreneurship Development Cell (EDC), SVIT, VASAD – 388 306 on August 8, 2019, Thursday during 10.00 a.m. to 11.30 a.m. in the EDC seminar hall.

During this session, Ms Nandita Kothari, Chief Operating Officer at an up cycled garment manufacturer at Anand delivered the talk and interacted question answer sessions with the students.

About 78 students and 4 faculty members took the benefit of elevating and enlightening talk. The talk was quite informative and motivating for our students.

SARDAR VALLABHBHAI PATEL INSTITUTE OF TECHNOLOGY, VASAD

Entrepreneurship Development Cell (EDC)

**Subject: Report on “Entrepreneurship Startup Awareness Program “under the
aegis of Entrepreneurship Development Cell (EDC), SVIT, VASAD**

Respected Sir,

“Entrepreneurship Startup Awareness Program” was organized under the aegis of Entrepreneurship Development Cell (EDC), for two days, scheduled on 16th and 17th of February, 2018, Friday and Saturday during 10.30 p.m. to 4.30 p.m. at EDC Hall, Civil Engineering Department.

The Program focused on the Expert talks on various facets and milestones to be crossed to start a new Enterpreneual startup. Also consequently it disclosed and enlightened the students to various Central and State Government agencies funding for Young entrepreneurs and women entrepreneurs.

About 117 students registered from all departments of, SVIT, Vasad and 106 students actually attended the seminar. Students, who participated in the awareness program, were from all branches of Engineering, studying in Pre Final, Final year and Post graduation and were interested genuinely in the topic.

We put on record our deep sense of gratitude to all the esteemed speakers for enlightening our students regarding entrepreneurship during the program. We do hope that all the esteemed speakers’ services would be available to us in future as well.

Thanking you with warm regards,

Sardar Vallabhbhai Patel Institute of Technology, Vasad

ED Cell in Collaboration with Aeronautical Engineering Department

Entrepreneurship Development Cell, jointly with Aeronautical Engineering Department, had organized Software Skill Development Programme on “Visual-CFD and Open FOAM” during January 7th and 8th, 2019.

The target audience was 3rd Year and 4th Year B.E students of Aeronautical Engineering Department. The students were given hands on training and explanation on various compatibilities of the software like

- Introduction to Soft wares
- Flow through and over bodies
- Interface application
- MRF case with steady & unsteady state analysis
- Arbitrary mesh interface
- Market & Job opportunities with the skill of these tools etc.

The detailed program was as below:

Visual-CFD & Open FOAM

7th January 2019 [Day-1]

Time	Agenda
10.00 to 11.45 am	Introduction to Open FOAM and Visual-CFD followed by a Demo on the Tool
11.45 am to 12.15 pm	Lunch-Break
12.15 to 2.15 pm	Hands-on: 1. External flow around a Sphere (both steady state and transient analysis) 2. Heat transfer analysis through a thin baffle
2.15 to 2.30 pm	Tea-Break
2.30 to 4.30 pm	Hands-on: 1. Flow field in a pipe with an impeller (MRF case, both steady state and transient analysis) 2. Mixing of flow inside a Y-Pipe

8th January 2019 [Day-2]

Time	Agenda
10.00 to 11.45 am	Open FOAM/Visual-CFD – The CFD Research Tool
11.45 am to 12.15 pm	Lunch-Break
12.15 to 2.15 pm	Hands-on: 1. Multiple regions connected via Arbitrary Mesh Interface (AMI) 2. Problem from Aeronautical Engineering
2.15 to 2.30 pm	Tea-Break
2.30 to 4.00 pm	Market and job opportunities in Open Source CFD Software like Open FOAM/Visual-CFD Q & A and Sum-up
4.00 to 4.30 pm	Valedictory Session

ENTREPRENEURSHIP DEVELOPMENT CELL – SVIT, VASAD

August 24, 2017

Sub: Report on Expert Talk on “Think Like an Entrepreneur”

An expert talk on **“Think like an Entrepreneur”** was organized under the aegis of EDC, SVIT, Vasad, on 24th August, 2017, Thursday during 12.30 p.m. to 2.30 p.m. in Electrical auditorium.
